

Manual for liner remover attachment

- 1) Set contents:
 ① Shaft A X 1 pc
 ② Liner remover X 1 pc (With shaft B)
 ③ Magnet X 2 pcs

2) Attach 2 magnets on bottom of liner remover.

3) Attach liner remover onto centre plate (P#124)
 Make sure to hook it at the edge of centre plate.

4) Set tape on reel. Separate tape & liner for about 50mm.

5) Pass tape through attachment. (Should be over shaft B)
 Pull liner along centre plate till it's reached to back of the machine.
 (Make sure tape go through attachment & line go back)

6) Stick tape onto feed roller (P#312)

7) Push shaft A down onto slit of attachment.

Note: Make sure to lock shaft A properly.
